

Alex S. Kasendorf On Hand to Accept State Farm Donation to Valley Traffic Advisory Council

(January 2013)

Senior associate Alex S. Kasendorf was on hand when State Farm Insurance presented a \$2,500 donation to the Valley Traffic Advisory Council (VTAC) to support VTAC's sober graduation program. Alex has been a VTAC board member for 1 1/2 years.

The State Farm donation will be used to create a display showing a damaged vehicle that had been involved in a drunk driving accident and a photo gallery depicting the consequences and dangers of drinking and driving. The money will also fund a driver road course simulation. The students wear "fatal vision goggles" to simulate what it would be like to drive while under the influence of alcohol or drugs.

VTAC works directly with the Los Angeles Police Dept., Valley Traffic Division to establish a connection between the community, schools and the Police Department. For more information about VTAC, go to <http://www.vtac-vtd.org/>.
